These budgets are estimates for the 2007 - 2008 school year, and are used for awarding financial aid. The information was furnished by each institution's financial aid office. These are subject to change. Students are encouraged to compare program curricula before making a decision on which school to attend. Check with each financial aid office to determine your specific budget based upon residency status or reciprocity agreements. Since costs vary from school to school, students should not use the budgets solely for determining which school they will attend.
